UNIVERSITY

# Student Success Updates

## Deans and Chairs

October 2017

Joe O'Shea, PhD  
Assistant Provost

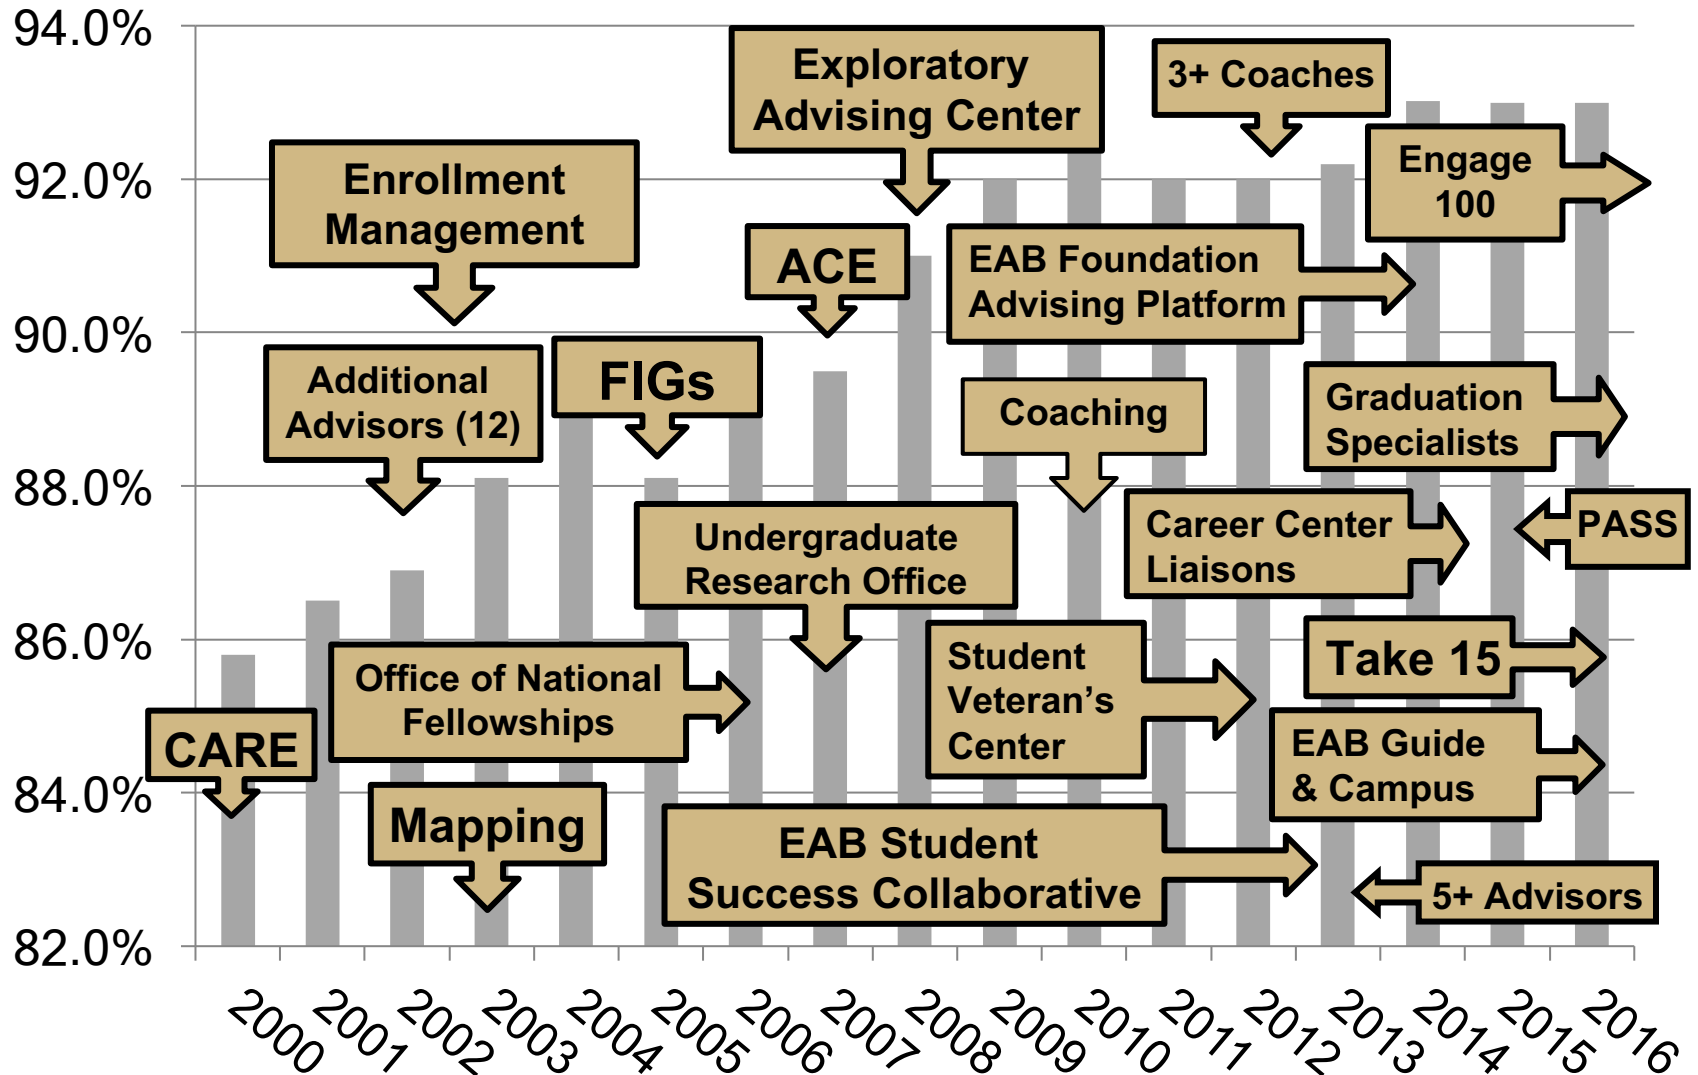

# Overview

Investments to Improve Student Success:

1. Academic Programming for Freshmen
2. Graduation Planning and Strategies (GPS) Office
3. Increasing Experiential Learning

# Retention Increases and Interventions

## Connecting NSSE Data to Student Outcomes: Post-Graduation Student Outcomes of Participants in High Impact Practices That Fit Engage 100 Criteria

Freshman Interest Groups (FIGs)

**↑ 37% increase**  
Odds of Getting into Grad School

✓ Participation Correlated with Securing a Job

Living Learning Communities (LLCs)

**↑ 81% increase**  
Odds of Getting into Grad School

✓ Participation Correlated with Securing a Job

Undergraduate Research Opportunity Program (UROP)

**↑ 112% increase**  
Odds of Getting into Grad School

FSU Honors Program

**↑ 127% increase**  
Odds of Getting into Grad School

✓ Participation Correlated with Securing a Job

All results are statistically significant at an alpha level of 0.01 or lower, controlling for factors including GPA, Race/Ethnicity, and Gender.

# 2017 National Survey of Student Engagement: FSU

## High-Impact Practices

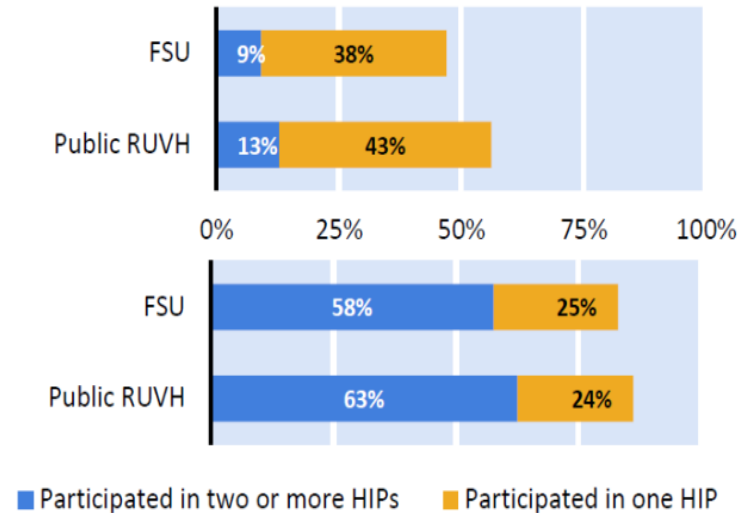

Due to their positive associations with student learning and retention, special undergraduate opportunities are designated "high-impact." For more details and statistical comparisons, see your *High-Impact Practices* report.

### *First-year*

Learning Community, Service-Learning, and Research w/Faculty

### *Senior*

Learning Community, Service-Learning, Research w/Faculty, Internship, Study Abroad, and Culminating Senior Experience

# ENGAGE 100

- Under 50% of freshmen engage in this kind of peer-mentored, small group co-curricular programming
- Goal is 100%
- We need more units to support and create these
- \$500 stipend per peer-leader to facilitate programs
- Zero-hour course option

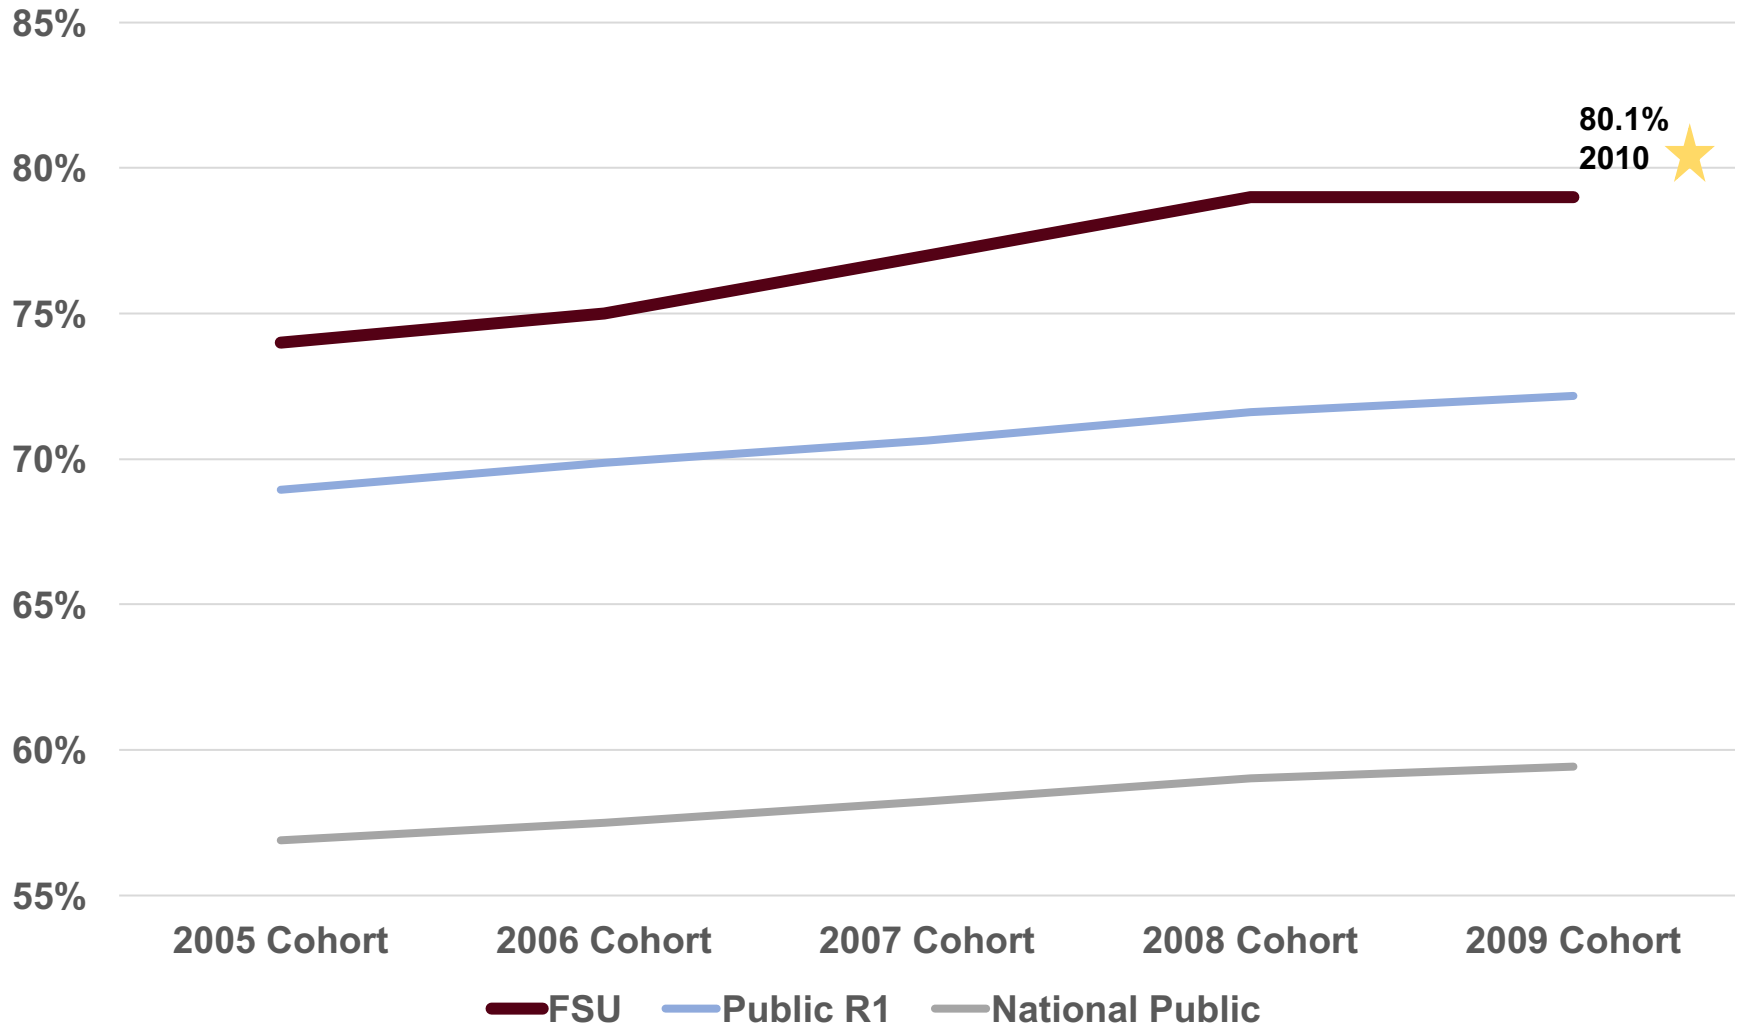

# Public 4-yr Graduation Rates

# Public 6-yr Graduation Rates

# Graduation Planning and Strategies (GPS) Office

- Experienced team to support colleges with some of the most challenging, time-intensive student cases, like:
  - Students 1 or 2 semesters from graduation but left
  - Freshmen and transfers coming to FSU with high hours
- Micro-grant program: “Last-mile” grants for students who have one or two semesters left but have exhausted their federal aid ([gps.fsu.edu](http://gps.fsu.edu))

# Next Evolution in Student Success

- FSU is developing into one of the nation's great drivers of economic and social mobility
- **Where do we go from here?**
- What is the next evolution of student success?

# Next Evolution in Student Success

- Strategic plan ignites a renewed focus
  - Not just on graduation rates
  - But on the kind of graduates we produce and how they launch after graduation
- To reimagine the talent development possibilities of public higher education

# An Inequality Challenge

- How do we continue to be national leaders in addressing inequality in higher education?
- The inequality challenge:
  - Who attends college?
  - Who graduates from college?
  - ***What happens to students after they graduate, and how do we prepare them to launch successfully from college? (PBF Metrics 1 & 2)***

# An Inequality Challenge

- In U.S., disparities in participation in career-building experiences, like internships, undergraduate research, international study persist (AAC&U)
- Particularly among underrepresented students, including transfer students

- How do we ensure that every student has one or more experiential learning opportunity?
- How do we leverage the activity, diversity, and reach of our major research university?
- How do we build on the *Formative Experiences* option in our graduation requirements?

# Five Scaling Strategies

1. Increase awareness of opportunities
2. Increase on-campus experiential learning:
  - InternFSU* Program: Paid professional internships on-campus (wages: 50% provost; 50% department)
  - Amazon partnership for work-study students

# Five Scaling Strategies

3. Increase funding support for lower-income students for off-campus experiences
4. Provide resources to departments to build/expand *Formative Experience* courses
5. Support zero-hour/non-credit options for tracking and learning management via Career Center programming (ECP/ERP)

# Thank you!
