

University Health Services (UHS) is a fully accredited primary care facility, providing medical care and outreach programs through a team of dedicated professionals.

As a student-focused, student-friendly center, its mission is to promote and improve the overall health and well-being of FSU students.

Center for Health Advocacy & Wellness:

- Nutrition Consultations
- Confidential HIV testing
- Smart Choices: an alcohol/drug harm reduction program
- Wellness Coaching
- Green Dot: bystander intervention
- Healthy Noles: peer education
- Power-based personal violence preventions
